Treasure Island

The BAD Players' first production, performed on 23 February 2013 was the panto 'Treasure Island' which was sold out for both performances.

One of the first decisions the BAD Players made when we were formed the previous summer was that we wanted the Hamlet Centre Trust to benefit from our first production. The Hamlet Centre operates from three locations in Norwich and provides support to children and young adults with disabilities and complex health needs. Every year over 400 families across Norfolk and North Suffolk use their wide range of facilities. Financial sponsorship from Compass Independent Financial Services Ltd and Blofield Parish Council, as well as a number of other local organisations helped with our costs of putting on the panto. We're delighted to be able to make this donation to the Hamlet Centre Trust.
